

The Santo Stefano Outpatient Centre in Filottrano in the province of Ancona has been operational for more than 35 years, providing targeted rehabilitation treatment that includes definition of individual rehabilitation projects for children, families and adults with transitory and/or progressive disabilities. It works in strong synergy with local services, and the centre's doctors cooperate with the general practitioners, residential health services and hospital wards involved in each case. Rehabilitation projects can be carried out on an outpatient, home or extramural basis, adapted to meet the patients' social and family needs.
