The Santo Stefano Out Patient Centre in Pesaro in the province of Pesaro and Urbino provides a wide range of specialised rehabilitation paths, with special attention to children of developmental age, adults and the elderly.

The Rehabilitation Centre was set up with a strong specialist focus on the developmental age, offering therapies specific to the needs of children that take into account all the various contexts in their lives: school, family, and recreational.

Particular attention is paid to speech and language disorders, also as a result of problems related to deafness and hearing impairment, autism spectrum disorders (SLD) and autism.

It also provides re-education for spinal paramorphism and dysmorphism, and spinal pathologies.

Specialised rehabilitation programmes are now also offered for adults and the elderly, while maintaining focus on the local network and the social wellbeing of users and the community.

Rehabilitation projects can be carried out on an outpatient, home or extramural basis, adapted to meet the patients' social and family needs.

The Centre collaborates with:

- Local institutions and associations;
- Out-patient centres and hospitals in the Marche region, to integrate the various specialisations as part of a network system that involves public health facilities and school agencies.

Treatment area:

- Developmental age rehabilitation
