

Myolab is a **Centre providing Rehabilitation and a Multi-specialist Outpatient Clinic**, Sports Medicine and Diagnostics. It is located on the outskirts of the city of Jesi, in the province of Ancona, and is authorised for private treatment.

Myolab has agreements with sports clubs, companies, insurance companies, private health funds, and associations of various kinds.

The Specialist Outpatient Clinic consists of a wide network of specialists in different areas of medicine to meet the needs of each patient with professionalism and competence.

Myolab offers a new model of health and wellbeing, with integrated, complete, customised paths.

The **diagnostic division** also provides prompt and accurate diagnosis, essential as support to specialist assessments, rehabilitation, and sports training.
